

A 60-item circular maze with numbers 1-60 and various illustrations of mice and cheese. Each number is associated with a set of simple division problems. The numbers 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, and Z are arranged in a circular path. The division problems are as follows:

- 1: $3:2$, $5:2$, $4:2$
- 2: $14:2$, $6:2$, $2:2$
- 3: $3:2$, $5:2$, $4:2$
- 4: $3:2$, $5:2$, $4:2$
- 5: $7:2$, $1:2$, $3:2$
- 6: $7:2$, $1:2$, $3:2$
- 7: (no problems)
- 8: (no problems)
- 9: $8:2$, $4:2$, $6:2$
- 10: (no problems)
- 11: $3:2$, $9:2$, $6:2$
- 12: $3:2$, $9:2$, $6:2$
- 13: (no problems)
- 14: $20:2$, $10:2$, $14:2$
- 15: (no problems)
- 16: (no problems)
- 17: (no problems)
- 18: (no problems)
- 19: $3:2$, $5:2$, $9:2$
- 20: (no problems)
- 21: $9:2$, $1:2$, $8:2$
- 22: $9:2$, $1:2$, $8:2$
- 23: (no problems)
- 24: (no problems)
- 25: $14:2$, $6:2$, $2:2$
- 26: (no problems)
- 27: (no problems)
- 28: $6:2$, $2:2$, $20:2$
- 29: $6:2$, $2:2$, $20:2$
- 30: $9:2$, $1:2$, $8:2$
- 31: $9:2$, $1:2$, $8:2$
- 32: (no problems)
- 33: $20:2$, $4:2$, $8:2$
- 34: $20:2$, $4:2$, $8:2$
- 35: $4:2$, $7:2$, $3:2$
- 36: $7:2$, $6:2$, $4:2$
- 37: $7:2$, $6:2$, $4:2$
- 38: $7:2$, $6:2$, $4:2$
- 39: (no problems)
- 40: (no problems)
- 41: (no problems)
- 42: (no problems)
- 43: $6:2$, $10:2$, $5:2$
- 44: (no problems)
- 45: (no problems)
- 46: $16:2$, $8:2$, $4:2$
- 47: (no problems)
- 48: (no problems)
- 49: $6:2$, $2:2$, $14:2$
- 50: (no problems)
- 51: (no problems)
- 52: $10:2$, $8:2$, $18:2$
- 53: (no problems)
- 54: (no problems)
- 55: $8:2$, $3:2$, $7:2$
- 56: (no problems)
- 57: (no problems)
- 58: $18:2$, $14:2$, $8:2$
- 59: (no problems)
- 60: (no problems)
- Z: (no problems)

$3 \cdot 2 = 6$

$5 \cdot 2 = 10$

$4 \cdot 2 = 8$

$7 \cdot 2 = 14$

$1 \cdot 2 = 2$

$3 \cdot 2 = 6$

$8 : 2 = 4$

$4 : 2 = 2$

$6 : 2 = 3$

$3 \cdot 2 = 6$

$9 \cdot 2 = 18$
